REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The prior art of record includes several references in which still images on a backboard appear animated to viewers in motion, including images that are preshrunk (see U.S. Pat. No. 4,870,768 to Watt et al.). However, the prior art does not disclose or suggest a method in which an optimal viewer position and a worst case viewer position are selected, magnification factors for both positions are calculated, and, if the magnification factors result in acceptable observable images, mounting the images on the backboard.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
